CGEIT Examination

CGEIT (Certified in the Governance of Enterprise IT) recognizes those who have the necessary level of professional knowledge, personal skills, and business experience to maximize the contribution made by information technology to an enterprise's success while managing and mitigating risks posed by IT.

IT governance is an integral part of enterprise governance and consists of the leadership and organizational structures and processes that ensure that the organization's IT sustains and extends the organization's strategies and objectives..

Certified in the
Governance of
Enterprise IT®
An ISACA® Certification
